## Part B

### **CRITERION I – CURRICULAR ASPECTS**

#### **1.1 – Curriculum Planning and Implementation**

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

Chirala Engineering College is currently having the following mechanisms for effective delivery of curriculum- i. At the beginning of an academic session, departmental meetings are held in every department in which the topics in the syllabus are distributed to the teachers after discussion with them. ii. Number of classes for each topic is decided according to the syllabus and credits (PG) assigned to each topic/Group/paper etc. iii. College administration provides a well constructed weekly Routine/Schedule/ time table for each year /semester for both UG and PG classes. iv. Departmental Heads prepare the routine which is approved by the Principal duly. v. Teachers prepare their lectures according to the syllabus allotted and classes available. vi. Classes are held according to the schedule under the supervision of college administration. vii. We have a very rich central library with open access system and many departments have their rich Departmental libraries too for the benefit of the students. A good number of Journals (Science, arts and commerce) are subscribed by our college. Inflibnet(e-books and e-journals) facility is available for teachers and also for the students. Our college has registered for NPTEL (National Programme On Technology Enhanced Learning) where students can have the access of e-learning through online Web and Video courses for various streams. viii. Various classroom teaching methods based on various needs of different subjects are regularly used for the effective delivery of the curriculum such as a. Chalk and Blackboard method b. ICT-enabled teaching-learning method. c. Use of different softwares. d. Use of Scientific models and charts for effective lecture delivery. e. Distribution of class notes by teachers. f. Group discussion amongst the students during the class. g. Micro-teaching and seminars by students related to curriculum. h. Paper presentation by the students. i. Proper and adequate instrumentation facility is given to the students for their practical classes; there is also a central instrumentation facility for that purpose. j. Need based survey programmes, field works and educational excursions are carried by the departments. k. Project work, dissertations are conducted for fulfilment of their degrees. l. Seminars and special talks by experts are also arranged regularly for advance studies. Regular class test, Mid-term examinations, Mid semester examinations, regular assessment in practical classes, viva-voce, are done to keep track on the improvement of the students. Remedial and tutorial classes are also conducted based on requirement. Departments maintain the detailed record of the classes, assessments, project reports etc. College administration also keeps a vigilant

eye on the results, departmental proceedings and student needs and also keeps record of the different activities of the college regarding teaching- learning, development and improvements of different methods of effective curriculum delivery.

## 6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Curriculum Development	<p>To integrate the academic programs and Institution's goals, the following initiatives are taken to supplement the University's curriculum. All faculty members identify the gaps in the curriculum and include topics to bridge the Gaps. • Department wise curriculum given by the university is analyzed to identify gaps to match industry standards. Additional contents are added to bridge the gaps. • Guest lectures, Seminars, Workshops, Training programs and industrial visits are arranged to create awareness on the current demands of industry • Assignments are given on all the subjects in addition to arranging group discussions, written/oral tests, quizzes, role plays, etc. • The College gives impetus on inculcating professional skills Educational tours are organized to develop interpersonal Relationships and to create awareness about the rich heritage and Culture of our country. N.S.S. is an additional facility which inculcates the social responsibilities and community orientation amongst the students. • Various academic competitions are conducted for the allround development of the students. • Various short term programs are prepared by the college to supplement the curriculum provided by the University to enhance employability. • Additional experiments were designed in labs beyond University prescribed experiments • Students were guided to takeup miniproject/Internship which are not part of the university prescribed curriculum.</p>
Teaching and Learning	<p>• The College has an Academic Calendar for UG and PG programmes separately as issued by the affiliating University. The recent academic calendar is enclosed in annexure. With the Inclusions of activities, workshops, expert lecturers, student club</p>

activities etc. , a comprehensive college calendar is prepared and kept for open access to all the stakeholders

- Being affiliated to JNTUK Kakinada, the college follows the academic schedule strictly as advised from time to time, JNTUK Kakinada provides course of action in the following pattern: ? Beginning of the academic sessions. ? Last working day of the Semester. ? Online and theory Mid Examination schedule. ? Practical Examination schedule. ? Theory Examination schedule. ? Vacation schedules. • The TimeTable Committee ensures that students are given core subjects in the morning section and common facilities are effectively distributed among different departments of the college. • In addition together to the basic academic requirements, college systematizes co Curricular and supplementary activities such as guestlectures, symposium, sports day cultural day, industrial visit etc. and their probable dates are planned in the college calendar. Teaching Plan: Head of the Department conducts meeting with the Faculty and TimeTable Committees before commencement of the Semester Course work in which subject allocation is made. • Class TimeTables are prepared and displayed in all the Notice Boards. • Every faculty Member prepares a Course File. • Laboratory Manuals are prepared and supplied to students at the beginning of the Semester. • Review meetings are arranged periodically to review the coverage of Syllabus. • Teacher uses teaching aids like OHPs, LCDs whenever they are necessary. • To conduct Class Tests Unitwise. • In the time table, one tutorial hour is allotted for each subject in a week. • Alternate days Selfassessment Examination to be conducted. • All the Examination records are tabulated and the data is maintained by the Department. • The Faculty members are required to prepare the Teachingplan for each subject and to maintain the log book (daily attendance register) specifying the details of the topics taught in the classroom and entering the marks for various tests and daily attendance. • The Faculty member follows the daywise schedule from the lesson plan, which

contains the details regarding Course objectives to be achieved, particulars of contents to be covered, and the kinds of teaching aids. • Teaching schedule is prepared by all the concerned and submitted to the respective Heads of the Departments at the beginning of every semester. TimeTable is prepared and displayed on the Noticeboard. • The Departments also carry out internal assessment based on student test performance and punctuality. Towards the end of each Semester, Theory and Practical Examinations are conducted by the University and evaluation is carried out. The examination results are declared and mark sheets are issued by the affiliating University. • Each faculty member is required to prepare mid examination question paper. For the internal evaluation, answer key must be prepared by the faculty member concerned. Based on that key, Answer scripts are evaluated. The evaluation blue print consists of the following components: • Based on guidelines given by the JNTUK, theory and practical examinations are the two components that have different weightages of marks for various regulations, namely,

Regulation	External Evaluation	Internal Evaluation
R07	80	20
R10	75	25
R13	70	30
R16	70	30
R19	70	30

• Continuous evaluation procedure is followed for practical subjects. Faculty maintains the continuous evaluation marks of students in their practical subject attendance registers and also does the same in the student' lab records. • Internal marks are awarded as per University guidelines. However, University conducts end Semester Examinations in both Theory and practical courses and arranges evaluation. • Assessment of Miniprojects and Main projects is also handled by the University. • Examination Section organizes conducting both internal and external exams with the academic schedule given by the affiliated University.

**Examination and Evaluation**

Since the college is affiliated to JNTUK, Examination and Evaluation reforms are as per JNTUK regulations. The CEC has always been open to reforms in evaluation/examination process to achieve transparency, timeliness,

objectivity and fairness in evaluation, student satisfaction etc.

Research and Development

CEC envisions to become an institution of excellence in imparting quality teaching to empower young generation with knowledge, skills and research attitude. The Institute is continuously making efforts to improve the lab facilities for research and innovative activities including IT infrastructure. Every year, present and future needs for upgrading and creating research facilities in the emerging research areas are assessed through departmental faculty meetings and communicated to the Institute Academic Management Committee. The requirements of all departments and DAC (Department Academic Committee) are discussed and provision is made in the budget of the Institute accordingly. On approval of Management Committee, year wise financial break up is included in the budget of the Institute. The Institute formulates strategies for the following to meet the needs of researchers:

- Human resource development
- Addition of new research facilities
- Creation of new research space

Library, ICT and Physical Infrastructure / Instrumentation

The Institute maintains adequate physical infrastructure for teaching learning, research, extracurricular activities for faculty, students, and staff through an established mechanism of resource planning and execution. Adequacy of physical infrastructure is discussed by Institute Administrative Committee from time to time. The physical infrastructure of the Institute is created as per AICTE norm with 1020 extra space for futuristic planning. The CEC campus is spread in 31.05 Acres. The total builtup area of the Institute is 28957.31sqm, which includes 46 Class Rooms, 08 Tutorial Rooms, 05 conference rooms and 6 Laboratories. Out of 46 class rooms, 05 class rooms are digitalized class rooms. For optimal utilization of physical infrastructure, the Institute has developed a model of resource sharing in which academic infrastructure like lecture theatres, tutorial rooms and laboratories are shared by all the departments to run their programmes. Sharing is made

possible by making the timetable centrally for all the programmes. Provisions have also been made for need based use of infrastructure outside the timetable through the webkiosk (ERP software). Availability of these resources can be seen online by all faculty and staff for appropriate planning. About Library: The Institute has established a spacious library Information centre in the main Block with an area of 660sqm. • It is divided into different sections like Stack area, Reading area and News Papers. • Section, Digital library, Technical Processing Section, Journals Section Reprographic Section. • It is having the collection of more than 44,406 volumes. • It is having the collection of more than 118 National and 68 International journals. • It is having the collection of 230 Specimen copies and 1035 Donated copies of books. • It is equipped with automated library Software. • It has total capacity of 160 members to sit and refer. • Established Digital library for Eresources and also 880 CD's. • Usage data of the Library (in terms of Books issued to the faculty students etc): 3 books per student for a period of Fifteen days and 15 books per staff for a period of Semester. • Book bank will be provided for a student based on his request.

**Human Resource Management**

The Institute has a rich pool of well qualified human resources to meet all requirements of the Curriculum. CEC being a private unaided institution, the Board of Management (Governing Body) has approved that the faculty be decided and enrolled based on the assessed requirements. Flexibility has been allowed to cater for additional recruitment whenever needed without any restraint on the numbers. This ensures smooth conduct of programmes, and enables the Institute to meet the requirement due to changes in curriculum and additional courses. While doing so, the norms and parameters laid down by the JNTUK and UGC/AICTE for faculty are observed for compliance. The Institute has a well defined system of recruitment in place to ensure that the best faculty with desired capability and qualification is inducted. For engineering and

management programmes, the qualification for faculty position in the Institute is Ph.D./M. Phil / M. Tech./ MBA/MCA from a reputed institution preferably with some teaching/industrial experience. The steps involved in the recruitment process are as follows: Step1: The faculty requirement of various departments is identified keeping in view the specialization of areas and courses to be taught, changes in curricula, availability of resources, additional requirement keeping the loads in the forthcoming time and likely attrition. The process helps in identifying the required numbers and areas of specialization. Step2: Faculty positions are advertised in the National Dailies, besides uploading the requirement on the Institute website under career openings. Fliers/ information about faculty recruitment are also shared with important Institutes. On an average the Institute receives more than 150 applications every year. Step 3: Applications are received online. The candidates are shortlisted for the interview based on specific requirements by screening committee constituted by principal and management. Step 4: The interviews are held by the select panels as per the MOA of the Institute. Subject experts from the Universities are invited to be members of the select panels. Such faculty is invited based on their experience, high degree of research knowledge or industrial experience to conduct the courses as part of curriculum. Such services were used in the past. In addition, guest lectures by eminent people from industry/ academia greatly assist in enriching the contents in the advanced courses. The Institute continuously strives to improve the faculty ratio, keeping the quality and experience as a prime requirement in view. The rich quality and strength of faculty enables the Institute to launch the best of the courses in its curricula as necessitated by the changing trends. Further, the Institute ensures the upgradation of knowledge base of faculty through faculty development/ recharge programmes. Performance Appraisal Systems Performance appraisal

forms are separately designed for each cadre of teaching staff (Professor, Associate Professor and Assistant Professor) addressing contributions appropriate for the cadre. Every faculty member submits a performance appraisal, designed to capture the performance in all spheres, academic or otherwise. The college addresses all the issues related to appraisal system of the staff and regularly evaluates it. The performance appraisal is divided into three categories: Category I: SelfAppraisal Report • Providing information regarding faculty participation in training programs, co and extracurricular activities, contribution at the department/institute level. • Performance regarding academic processes (lectures engaged, performance of results, student's feedback) Category II: Reviewer's report assessed by head of the department based on the following performance indicators. (i) Department Level • Teaching, Learning and Evaluation related activities • Seminars/training programs attended/conducted • Participation in extracurricular and cocurricular activities • Administrative and general functions • Contribution to RD activities (ii) Institute level Contribution at institute level (Examiner, Paper Setter, subject expert etc.) Category III : Assessment by head of the Institution • Remarks and assessment by Principal. Performance appraisal forms are separately designed for each cadre of nonteaching staff (Technical assistant, Clerk and Attender) addressing contributions appropriate for the cadre. Each staff submits his/her performance appraisal. Performance is assessed by the head of the respective department and reviewed every year. Faculty and Staff Recruitment: The Institute has a well defined system of recruitment in place to ensure that the best faculty with desired capability and qualification is inducted. For engineering and management programmes, the qualification for faculty position in the Institute is Ph.D. /M. Phil/ M. Tech./ MBA/MCA from a reputed institution preferably with some
